Continuation of Substance of Interview including description of the general nature of what was agreed to if an agreement was reached, or any other comments: The examiner and applicant discussed the issues revolving around the difference between a portion of a frame of an audio/visual signal and an entire frame of an audio/visual signal. A portion of a frame of a audio/visual signal is not equivalent to a frame being a portion of an audio/visual signal. Examiner will re-open prosecution at the point after the first amendment by the applicant, which came after the first non-final action. Agreement was made that the examiner will perform a new search and if proper prior art is found submit a final action to the applicant, otherwise allowance will be considered.
